

Portable Screeds

LIGHT - *RELIABLE* - *MANEUVERABLE* - *UNIVERSAL*

Portable Screed Electric (PSE) and **Portable Screed Petrol (PSP)** are used for compaction and smoothing of concrete slab both on form-work and without guiding rails. Portable screeds have easy-to-change replaceable blades that allow working in difficult to reach places.

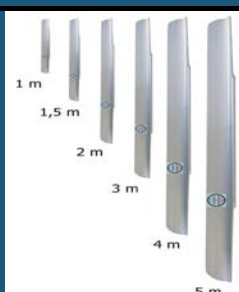

Model	PSE	PSP
Engine	Electric – 230 V / 42 V	Petrol Honda GX 35
Weight without blades, kg	13	14
Power, kW	0.19	1.1
Width, mm	600	850
Height, mm	1100	1100
Blade length, m	1.0; 1.5; 2.0; 3.0; 4.0; 5.0 ¹	
Vibration penetration into concrete mix, mm	70...100	100...120
Blade material	aluminium	
Price, €		

Features:

- *Strong and light steel wear-resistant frame*
- *Ergonomic handles, isolated from vibration*
- *Easy-to-change rigid blades*
- *PSP engine is highly lifted over concrete surface that protects it from dirt*
- *PSE 220 V is safe and convenient for in-door operation*
- *Used for concrete slab up to 120 mm depth*
- *Easy to disassemble for transportation*
- *Convenient in operation speed control and alarm switch*
- *Blades are available in several lengths*
